Tour update

Track Info

19/5, as planned

20/5, LDZ/LG have only just informed us that the long freight route via Lubeste on our arrival in Daugavpils is not available as the line is now out of use, this is a huge disappointment to everyone involved in this trip.

21/5, now leaving Daugavpils via direct route, same as the reason on 20/5

22/5, as planned

23/5, as planned, entry into was Pagégiai station was initially refused, but we got that changed thankfully

24/5, as planned, but 23:42 finish!!! early finish option by 21:00 probable if required (by coach), but misses out Kybartai and Kaunas avoiding line.

Gaižiūnai - Kalnėnai - Palemonas closed due to engineering works

25/5, as planned

Depot Visits

25/5, trying to do Radviliškis depot at 08:30 by taking coach direct from Siauliai hotel, not confirmed yet

26/5, trying to arrange Vilnius visit 10:00
